HULL, PROPULSION AND TECHNICAL PROJECT: FERRETTIGROUP ENGINEERING DEPARTMENT
YACHT DESIGNER: FULVIO DE SIMONI

EN TECHNICAL CHARACTERISTICS

ENGINES

2 x MTU 12V 2000 M96L Power 1948 mhp / 1432 kW at 2450 rpm - TS 95

HULL TYPE

20° deadrise Monohedron hull with spray rails

LOA = Overall Length standard ISO 8666	74 ft. 4 in.
LH = Hull length standard ISO 8666	70 ft. 11 in.
LWL = Waterline length (boat fully laden)	54 ft. 8 in.
Maximum beam	18 ft. 1 in.
Overall height from keel to radar arch	19 ft. 9 in.
Ht = Minimum transport height from keel	18 ft. 4 in.
Displacement unladen	101986 lbs.
Displacement laden	118983 lbs.
Depth under propellers (boat fully laden)	4 ft. 9 in. [4]
P1 = transom	3 ft. 5 in.
Fuel tank capacity	1189 US Gals.
Water tanks capacity	262 US Gals.
Maximum number of people on board	16
Light displacement maximum speed = 1/3 laden	(MTU 1948) 44 knots [2]
Nr. Cabins	3
Nr. Bathrooms	3
Nr. Crew Cabins	1
Nr. Crew Bathrooms	1
Safety equipment	12 [3]
Design category	A (2013/53/EU)
Certification documents	B + F + Aa (sound emission)
	RINA S.p.a.

STANDARD ISO 8666 CE

HULL/DECK CONSTRUCTION MATERIAL

Hull: construction from female mould with sandwich bottom with balsa wood core and sandwich sides with closed cell PVC core; reinforcement fibers: E glass. Stratification of longitudinal stiffeners with polyurethane foam; stratification of transversal stringers with PVC core at bow, with polyurethane foam at stern.
Deck and superstructure: construction from female mould with vacuum infusion lamination with vinylester resin in closed cell PVC core sandwich format.
Main bulkheads and interior structural floors (excluding the engine room) in sandwich format and vacuum infusion lamination.
Structural tanks for fuel and fresh water are layared with vinylester resin.
Areas of the deck such as: swim platform, aft steps, cockpit and sun deck are covered in teak sealed with polymerized black rubber caulking. Other areas such as the bow area and side decks have an anti slip finish or polished gelcoat such as hull and superstructure.

STANDARD FURNITURE WOOD: Alpi Titanium Oak preformed wood

PAINTING

Keel painting: upon request.
External painting: white gelcoat*; areas above the water line that are painted in a different color according to the standard Pershing shipyard graphics are treated with a bi-component polyurethane paint in black color.

*Antifouling paint (OPT) can be applied upon request in order to guarantee more efficient antifouling properties.

(1) This technical specification is valid and refers to yachts ordered as of 1 September 2019.

(2) Performances are approximate and they refer to the standard equipment of the boat, at 1/3 of load corresponding to ton 48,45 (106814 lb), performances estimated at the following conditions: calm sea, absence of wind, 25°C air temperature, clean hull and special propellers set for those conditions and 6 people on board. Overloading the yacht by 1 ton / 2205 lb top speed decreases of 1 knot.

(3) Pershing shipyard does not supply complete safety equipment as Pershing yachts are delivered to all countries, owners must therefore complete the safety equipment with the devices required in the request.

(4) The stated draft is with the surface drives in the zero position.

PERSHING 74

STANDARD EQUIPMENT

◆ UPPER SUN DECK

ACCESS TO THE SUN DECK

- Amplifier with remote control and loudspeakers
- Chaise longue (2)
- Glove compartment (2)
- LED lights
- Retractable electrohydraulic ladder access to sundeck
- Sliding door with teak and closing
- Stainless steel handrail for stairs
- Stainless steel side handrail
- Sunpad in vinyl (2)
- Teak

ANTENNAS AREA

- Carter
- Dome (2)
- GPS antenna
- Horn
- Navigation lights for Italian Flag
- Signal mast in stainless steel black painted
- VHF antenna (2)

◆ MAIN DECK

COCKPIT/OUTSIDE AFT DINETTE

- Amplifier with remote control and loudspeakers
- Ceiling lights with LED stripes
- Extendible teak table
- GRP sofa with seat and backrest in white vinyl
- GRP sofa with seats and backrest upholstered in white vinyl
- Stainless steel handrail Ø 30 mm, on the aft spoiler
- Teak floor

ACCESS TO CREW QUARTER AND ENGINE ROOM

- GRP furniture on portside with access to crew quarter and engine room
  - Emergency engine shut down remote control
  - Fire extinguishing system and alarm activation remote control
  - Fresh water tap
  - Sink
- Ladder in GRP and Teak

AFT MOORING STATION

- Capstan 1500W with foot control
- Fairlead in stainless steel with rolls (2)
- Stainless steel mooring cleat (2)

AFT GARAGE

- Air compressor connection
- Black water pump out cap
- Fresh water inlet from water tank
- GRP hangar hatch
- Kit hydraulically powered tailgate
- Led lights (2)
- Shore water inlet

ACCESS TO THE BATHING PLATFORM

- Aft steps in teak port / stb
- External shower
- Fuel filling cap
- Hatch on bathing platform stbd side
- LED lighting
- Power shore socket 100A
- Stainless steel gate for cockpit entry (2)
- Swim ladder, hydraulic, hideaway with alarm
- Swimming platform
- Telescopic hydraulic hideaway gangway with (2) remote controls

SIDE WALKWAYS

- Elettric pantograph side door port/stb
- Fresh water filling cap
- Stainless steel cleat (2)
- Stainless steel handrail on side of superstructure port-stb
- Stainless steel railing Ø 30 mm with stanchions Ø 35 mm and hooking points

BOW SUNBATHING AREA

- GRP sofa with seats and backrest upholstered in white vinyl

BOW MOORING STATION

- Access to bow locker with double hatch and closure (2)
- Basket chain
- Galvanized anchor with joint (1 x 50kg)
- Galvanized chain 75mt 12mm
- Stainless steel mooring bow ancor roller
- Stainless steel mooring cleat bow (2)
- Windlass 2700 W with waterproof control pad

HELM STATION

- Ceiling spot LED lights (2)
- Co-pilot seat upholestered in Poltrona Frau leather with double electric control
- Echo box with 1KW sounder
- Electronic levers for engine controls
- Engine room remote camera on plotter screen
- Helm wheel in Poltrona Frau leather
- Instrument dashboard upholstered in Poltrona Frau leather
  - Aluminium carbon look panels
  - Bow thruster joystick
  - Built-in autopilot plotter
  - Chart-Plotter (2) 12", 9"
  - Compass
  - Electronic digital LCD engine control panel (2)
  - Rudder angle, trim tabs, water and fuel levels
  - Soft touch switch plates and sockets
  - Surface propellers trim joystick
  - Trim tabs joystick
- Pilot seat upholstered in Poltrona Frau leather with double electric control
- Sliding roof with hydraulic movement
- Socket (cigarette lighter type) 12V
- Telephone interface GSM/Voice/Fax American version
- VHF radio
- Windshield in transparent tempered glass
- Windshield wiper/washer (2)

SALOON

- Access to the galley
  - Stairway with natural wood steps port/stb
- Access to the lower deck
  - Stairway with natural wood steps (port / stb)
- Audio video system:
  - TV LED 43" hideaway for saloon with tv-lift
- Ceiling led lights whit indirect lighting
- Chairs Poltrona Frau(4)
- Chaise longue upholestered in Poltrona Frau leather
- Digitally controlled A/C system
- Dinner set
- Electric roller fabric curtains
- Extendable dining table whit manual handling and leather lined support
- Furniture in standard wood with opening doors and internal shelves
- Hideaway sliding electrohydraulic aft door in black painted aluminium and crystal
- Hi-Fi system
  - Hi-fi surround:"5+1" system (60Hz) sintoamplifier with blueray
- Ice-maker connected to main water tank
- Light switches soft touch panel
- Paneled ceiling upholestered in Poltrona Frau leather
- Rug under the table
- Side windows in monolithic/stratified tempered glass
- Sofa upholstered in Poltrona Frau leather
- Structural GRP floor covered in wood
- Walls upholstered in Poltrona Frau leather

GALLEY

- Backsplash in laminate (metal like finishing)
- Built in ceiling spotlights (3)
- Ceramic glass hob with 4 burners
- Corian work top in standard colour
- Digitally controlled A/C system
- Dishwasher for 8 people
- Electric fan
- Electric oven
- Electrical panel
- Extractable faucet
- Floor in parquet
- Fridge unit 240lt with freezer unit 133lt
- Hanging locker laquered white with door and internal shelves
- Light switches soft touch panel
- Lights under hanging lockers
- Opening porthole in stainless steel and tempered glass
- Rubbish bin
- Stainless steel washbasin (1)
- Storage unit underneath the floor
- Structural GRP floor
- Under top unit lacquered white with opening doors and internal shelf
- Walls covered with laminate
- White lacquered ceiling

◆ LOWER DECK

LOBBY LOWER DECK

- Cabinet with door for washer-dryer
- Ceiling led lights whith indirect lighting
- Ceiling panels upholstrered in vinyl fabric
- Electric panel
- Light switch (soft touch panel)
- Stainless steel handrail
- Structural grp floor covered with carpet
- Walls covered in wood
- Washer dryer

MASTER CABIN

- Beauty unit stb in wood, openable compartment, mirror, minibar
- Bedhead wall in vinyl paper
- Blind compartment covered in vinilyl fabric
- Built in ceiling LED indirect lights

- Ceiling panels covered with vinyl fabric and lacquered wood ceiling frame
- Chaise longue in fabric
- Digitally controlled A/C system
- Double bed in wood and locker underneath, lighting stripe underneath and the bed frame upholstered in Frau leather
  - Mattress, pillow and bedcover
- Fixed side windows in tempered glass and (2) opening porthole in stainless steel and tempered glass
- Furniture unit at bow in wood with opening doors (under TV)
- Hi-fi furniture in wood with shelves
- Hi-Fi system
  - Hi-Fi sourround 2+1 sytstem (60Hz) sintoamplifier with blueray
  - LED TV 32"
  - Preparation for decoder: cable 120V, F connector, TV SAT antenna cables
- Indirect led lighting on bedhead wall (2)
- Interior door upholstered in sole leather
  - Chrome door stops for interiors
  - Door handle with thumb lock
- Light switches soft touch panel
- Manual roll blackout curtains
- Manual roll curtains in fabric
- Mirror at aft bulkhead (2)
- Night table in wood (2)
- Ottoman upholstered in fabric
- Poltrona Frau leather bedhead
- Reading light (2)
- Side walls lights (2)
- Structural GRP floor covered in carpet
- TV panel upholstered in Poltrona Frau leather
- Unit in wood with awning door at stdb side
- Walls with cut-in recesses covered in wood
- Wordrobe with doors in wood, with clothes rack, shelves and internal light
  - Safe

MASTER BATHROOM

- Access door
  - Doorstop
  - Handle with lock
- Bidet
- Built in LED ceiling spotlights (5)
- Clothes hook (2)
- Combined washbasin and bidet faucets
- Digitally controlled A/C system
- Electric WC
- Lacquered ceiling
- Light switches soft touch panel
- Manual aluminum Venetian blind
- Mirror
- Opening porthole in stainless steel and tempered glass
- Shower box
  - Ceiling showerhead
  - Crystal shower door
  - Shower floor in mosaic
  - Shower mixer with flexible
  - Shower walls in mosaic
- Toilet roll holder
- Towel cabinet with glass door and internal shelves
- Towel rack (2)
- Walls covered in laminate
- Wash basin in solid surface over top
- Washbasin unit in wood with opening doors
- WC brush holder
- Wood lockers with door
- Wooden floor

VIP CABIN

- Audio-Video system :
  - Built-in loudspeaker (2)
  - Mini Hi-Fi
  - Preparation for decoder: cable 120V, F connector, TV sat antenna cables
- Bed headborder upholstered in Poltrona Frau leather
- Blind compartment covered in vinilyl fabric
- Built in LED ceiling indirect lights
- Digitally controlled A/C system
- Double bed with headborder upholstered in Poltrona Frau leather, locker underneath and lighting strip
  - Mattress, pillow and bedcover
- Emergency exit to upper deck from circular hatchway and hideaway ladder
- Interior wood door
  - Chrome door stops for interiors
  - Door handle with thumb lock
- LED TV 24"
- Lockers with doors in wood, with clothes rack, shelves and internal light (2)
- Manual fabric curtains
- Opening porthole in stainless steel and tempered glass (2)
- Panelled ceiling upholstered in vinyl fabric and lacquered wood
- Reading lights (2)
- Sliding curtains blind for hatchway
- Structural GRP floor covered with carpet
- TV panel upholstered in leather Poltrona Frau
- Walls with cut-in recesses covered in wood

VIP BATHROOM

- Built in LED ceiling spotlights (5)
- Cabinet with lacquered door
- Clothes hook (2)
- Combined washbasin
- Digitally controlled A/C system
- Door handle with thumb lock
- Door stops for interiors
- Electric WC
- Interior door in wood on cabin side, lacquered on bathroom side
- Light switches soft touch panel
- Manual aluminum Venetian blinds
- Opening porthole in stainless steel and tempered glass with hook
- Shower box
  - Crystal shower door
  - Shower box covered in laminate
  - Shower floor and seat in acrylic stone
  - Showerhead and shower handset
- Shower faucet with double outlets with deviator
- Toilet roll holder
- Towel rack
- Walls covered in laminated
- Washbasin furniture in wood, with doors and shelves
- Washbasin in solid surface
- WC brush holder
- White lacquered ceiling
- Wooden floor

DOUBLE GUEST CABIN (PORT)

- Audio-Video system :
  - Built in loudspeaker (2)
  - Mini Hi-Fi Fusion 750
  - Preparation for decoder: cable 120V, F connector, TV sat antenna cables
- Bed headborder upholstered in Poltrona Frau leather (2)
- Ceiling panels covered with vinyl fabric and lacquered wood ceiling frame
- Digitally controlled A/C system
- Door, cabin side in wood, bathroom side lacquered
  - Handle with lock
- Hanging lockers in wood with opening doors and internal shelves
- Interior wood door upholstered in sole leather on lobby side
  - Door handle with thumb lock
- LED ceiling indirect lights
- LED TV 24"
- Light switches soft touch panel
- Locker with door in wood, with clothes rack, shelves and internal light
- Manual fabric curtain roller
- Mirror at bulkhead
- Opening porthole in stainless steel and tempered glass (2)
- Reading lights (2)
- Structural GRP floor covered with carpet
- TV panel with upholstery in Frau leather
- Twin bed in oak wood and leather Poltrona Frau (2) and lighting strip
  - Mattress, pillow and bedcover (2)
- Walls with cut-in recesses covered in wood

GUEST BATHROOM (PORT)

- Built in LED ceiling spotlights (4)
- Cabinet with shelves
- Clothes hook (2)
- Combined washbasin
- Door handle with thumb lock
- Door, lacquered on the bathroom side, upholstered in P.Frau leather on the corridor side
- Electric WC
- Manual aluminum Venetian blind
- Mirror at bulkhead
- Opening porthole in stainless steel and tempered glass with hook
- Shower box
  - Crystal shower door
  - Shower box covered in laminate
  - Shower floor and seat in acrylic stone
  - Showerhead and shower handset
- Toilet roll holder
- Towel rack
- Walls covered in laminated
- Washbasin furniture in wood, with doors and shelves
- Washbasin in solid surface
- WC brush holder
- White lacquered ceiling
- Wooden floor

CREW DINETTE

- Access to engine room
- Built in ceiling LED lights (3)
- Ceiling panels covered with vinyl fabric
- Ceramic glass hob with 1 burner
- Folding table at bulkhead
- Fridge 37lt top opening underneath the bench
- Hanging lacquered locker with internal shelves
- Ivory lacquered bench with cushion upholstered in vinyl fabric
- Light alloy waterproof door
- Light switches soft touch panel
- Microwave oven
- Opening porthole in stainless steel and tempered glass with hook

- Pouff upholstered in vinyl fabric
- Preparation for TV: cable 120V, F connector, TV antenna cables
- Stainless steel washbasin
- Structural GRP floor covered with carpet
- Top in acrylic stonework
- Under top unit lacquered ivory with opening doors
- Walls upholstered in vinyl fabric
- Washbasin folding mixer

DOUBLE CREW CABIN

- Built in ceiling spotlight (4)
- Cupboard with internal shelves
- Digitally controlled A/C system
- Interior door ivory lacquered
  - Door handle with thumb lock
- Light switches soft touch panel
- Locker with lacquered doors with clothes rack
- Loudspeakers (2)
- Manual aluminum Venetian blind
- Mini Hi-Fi
- Opening porthole in stainless steel and tempered glass
- Panelled ceiling upholstered in vinyl fabric
- Single bed with drawers underneath
  - Mattress, pillow and bedcover (2)
- Single folding bed
- Structural GRP floor covered with carpet
- Walls covered with vinyl fabric

CREW BATHROOM

- Built in ceiling spotlight (3)
- Electric WC in porcelain
- Extractable shower with mixer tap
- Floor covered in teak
- Ivory lacquered door
  - Door handle with thumb lock
- Lacquered ceiling
- Laminated walls
- Mirror
- Toilet brush holder
- Toilet roll holder
- Towel rack
- Wardrobe with door and shelves
- Washbasin unit ivory lacquered with GRP top, opening doors and shelf
- Waterproof shower curtain

◆ TECHNICAL AREA

ENGINE ROOM

- A/C unit
- Air compressor
- Coupling joint between adaptor and TS flange (2)
- Coupling protective cover
- Diesel engine MTU 12V 1948mhp (2)
- Dynamic air intakes
- E/pump A/C
- Electric extractor (2)
- Engine exhaust muffler (2)
- Generator manifold and gas separator
- Generator prefilter single type racor
- Genset 29kW 60Hz 120/240V
- Hydraulic oil heat exchanger
- Hydraulic steering oil tank
- Hydraulic unit for gangway, swim ladder, garage hatch, sun deck stair and aft door
- Hydraulic unit for platform, trims, trim tabs and steering
- Light switch
- Stainless steel engine exhaust raiser (2)
- Thermal acoustic insulation
- Waterproof camera interfaced with helm station (1)
- Waterproof fixed explosion-proof neon light (6)
- Wooden plank ribbing/PU covered in anti slip material

PROPULSION AND MANOUVERING EQUIPMENT

- Electric bow thruster (15HP)
- Hydraulic steering
- Hydraulic trim tabs (2)
- Nickel – Aluminium – Bronze surface propeller 6 Blades (2)
- Surface drive system

◆ SYSTEMS

FRESH WATER SYSTEM

- Boiler 30lt - electric (2)
- Fresh water outlet in engine room
- Fresh water pump (2)
- Level sensor
- Preparation for watermaker
- Shore fresh water intake with pressure regulator
- Structural GRP main tank (900lt)

SEA WATER SYSTEM

- By-pass valve for emergency bilge discharge from engines (2)
- Dynamic seawater intake (2)
- Fire extinguishing and chain wash e/pump
- Sea water basket filter for engines, power generators, A/C pumps, services and fire extinguishing system (5)
- Seawater outlet for chain wash and fire extinguishing in forward locker
- Static seawater intake (2)

GREY WATER SYSTEM

- E/pump auxiliary tank discharge
- E/pump main tank discharge
- Grey water 3 way valve in galley
- Level sensor
- Manifold by-pass for emergency grey and black water pump discharge
- Polyethylene tank 10mm

BLACK WATER SYSTEM

- Black water tank: deck connection for tank pumping out
- E/pump tank discharge
- Level sensor
- Polyethylene tank (330lt)

FIRE EXTINGUISHING SYSTEM

- Automatic/manual system in the engine/room and system area FM200 Fire Boy
- Emergency engine shut down remote control
- Fire extinguishing system and alarm activation remote control
- Manual powder extinguisher 2Kg in engine room
- Manual powder extinguishers 1Kg (1 for each room)
- Smoke detectors: salon, galley, cabins(3), crew cabin and dinette, thruster area

AIR CONDITIONING SYSTEM

- Air Conditioning American version (outlet in the bathrooms included, 90.000 btu)

ELECTRICAL SYSTEM

- Batteries cut-off
- Breaker box for American shore power
- Emergency parallel connection between service batteries and engine starter
- Engine starter battery (6)
- Engines batteries charger
- Equipment power modification to 60Hz
- Ground bonding all along the hull joined to the anodes protection (zincs) on the transom
- Ground connection for sea water intake and railings
- Ground fault interrupters 120V 6mA in all heads, galley and engine room
- Isolation transformer 25kVA
- Main electric panel with magneto-thermic switches
- MTU electronic LCD digital panels for engine control (2)
- Power generator starter battery
- Service battery (12)
- Services batteries charger
- Shore power socket 100A 60Hz
- Shore socket and loose cable
- Socket American type 120V, double in each box
- Switchboard in dinette
- Voltage measuring instruments 120/240V

FUEL SYSTEM

- Electronic fuel level remote indicator in dashboard
- Fuel decanter filter (2)
- Fuel sight gauge
- Manual fuel discharge/load drainage pump
- Structural GRP tank 4500l

BILGE SYSTEM

- Automatic/manual immersion E/pump for bilge discharge in each watertight compartment with level sensor
- E/pump with valve system for the separated or joint bilge system centralized suction
- Emergency engine room bilge system discharge through engines intake suction

◆ EQUIPMENT

- Bag with logo (2)
- Ball fenders A4 with lane (2) and covers
- Black mooring line Ø 22 mm (4 x 25 m)
- Diurnal navigation shapes mast
- Electrical manual for American version
- F4 fender with line and cover (8)
- Floating luminous buoy
- Life jacket (12)
- Life rafts compliant to American requirements (2x8)
- Life saver with floating line
- Means of unassisted reboarding
- Model indication plate XFA
- Owner manual for American version
- Pershing bath towels (6)
- Pershing towel set (6)
- Safety hooks
- Side Pershing Logo (2) in silicon
- Telescopic boat hook
- Warning labels
- Weather station: clock, barometer, thermometer

This document shall not constitute in any circumstances whatsoever any offer by the shipyard to any person or be incorporated into any contract.
Any and all information contained in this document, including without limitation all technical data, performance, illustrations and drawings, are not contractual and refer to European standard models of motor yachts built by the shipyard and have been up-dated by the shipyard as of the date of issue of this document. The only valid technical reference or description is the specific parameters of each motor yachts cited only on purchase of the same. Therefore the only indications binding on the seller are contained solely in the sale agreement. This document is based on information available at the date of issue. Not with standing all efforts to insure accuracy, the information contained in this document may not cover all details, subsequent changes, not accurately foresee or report all possible scenarios. The shipyard reserves the right to modify its motor yachts and to substitute the manufacturers and/or the suppliers of any component and/or system and/or equipment due to product changes and/or improvements and/or availability of supply, changes in laws and/or regulations applicable, technology, know-how, provided that any substituted component and/or system and/or equipment of the motor yachts shall be of equivalent or superior quality to that shown in this Brochure. Displays, photos, schemes, designs or examples contained in this document are solely and exclusively reproduced to highlight the information contained. Due to the different characteristics of each yacht, the shipyard declines any and all liability for any use thereof on the basis of the information contained in this document.
This document and its contents may not be copied or reproduced and may not be modified or altered, in whole or in part.
The sale of this document and its contents is prohibited and no admitted.

Images may contain optional equipment or accessories, so do not necessarily comply with standard configuration.
