Price:	\$3,950,000 USD		

Description

2018 Riva 76 Bahamas "2Quick"

Available to view at Fort Lauderdale International Boat Show Oct. 27 - 31, 2021

The new Riva convertible 76' Bahamas is the second model with a dual soul, as both open and coupé. The patented "C-Top" ('Convertible Top') system enables a yacht to be transformed from open to coupé mode and vice versa. On the 76' Bahamas, it effectively doubles the comfort and fun to be enjoyed on board. The new masterpiece brings together the charm of timeless design with the sophisticated pleasure of technological innovation that has produced a super sports boat. With graceful lines and rich in technical features, it is built using cutting-edge materials and sails like a dream. The new model is a further step in the evolutionary path that led to the launch of the 88' Domino Super and 88' Florida, the coupé and convertible yachts born of the same design tradition and guided by a similar spirit. Besides, the yacht is based on the technical platform of the 76' Perseo, Riva's much-desired coupé model. The layout of the cockpit and helm station, the design of the master suite and lower deck living space, as well as the entire interior styling, have been custom designed for the new convertible. The interior décor also enhances the yacht's Mediterranean character.

2Quick

- Stainless steel perimeter guardrail
- Stainless steel rub rail
- Stainless steel signal mast
- Stainless steel stern mooring area cover (2)
- Stern cockpit and side walkways flooring laid in teak
- Stern garage for one tender (refer to accessories list)
- TV antenna
- VHF antenna (2)
- Watertight loudspeakers at bow dinette connected to the stereo in the lounge (2)

HATCHES AND WINDOWS

- Access hatch to crew area from the cockpit
- Emergency exit hatch from the bow cabin to the deck
- Engine room access hatchway from the cockpit
- Interior doors in wood with stainless steel handles and thresholds
- Sliding access door to below deck areas with lock
- Stainless steel portholes
- Windows in monolithic or laminated glass
- Windshield in stainless steel and tempered glass
- Wipers with built-in washers and timer (2)

COCKPIT

- Dormeuse cover
- Dormeuse with upholstered cushions
- Extinguisher for garage with fire port from the cockpit
- Fiberglass cabinet with crew area access and aft seat
- Fiberglass cabinet fitted with sink, tap, ice maker and electric grill
- Fiberglass flooring laid in teak
- Handrail with stainless steel end and teak handrail in the cockpit (4)
- Lighting
- Rubbish recycling drawer
- Sliding stern gates in fiberglass with manual blocking system
- Starboard sofa cover
- Starboard sofa with upholstered cushions with housing for life rafts
- Stern sunpad cover
- Stern sunpad with upholstered cushions
- Table cover
- Teak table with opaque coating with the RIVA name and perimetral stainless steel edge

- Watertight loudspeakers connected to the stereo in the salon (2)

HELM STATION

- 12V socket
- Acoustic alarm for water in bilge
- Automatic pilot control panel indicator interfaced with plotter/GPS
- Black box integrated system (radar, plotter, GPS, echo-sounder), with 2 Hight Bright LCD/LED monitor in helm station
- Chain counter for the anchor winch
- Class D VHF radio telephone with DSC and separate antenna
- Electric bow thruster control panel with joystick
- Electro-hydraulic steering system
- Engine/inverter electronic controls with "easy dock" system
- Extinguisher
- Fiberglass shell copilot seat with stainless steel support
- Fiberglass shell pilot seat (2) with stainless steel support
- Fiberglass flooring laid in teak
- Monitoring system with Hight Bright LCD touch screen connected to CCTV cameras
- Multifunction display for echo-sounder, speed and log
- Rudder angle indicator
- Upholstered seat with manually folding seat, padded headrest (3)
- Varnished fiberglass helm station with leather-covered steering wheel, complete engine instrumentation, electronic engine fuel/reverse gear levers, compass, alarm lights
- Windscreen washer-wiper control

LOUNGE

- Aft and forward service cabinet
- Carpeted flooring with padding underneath
- Clock, barometer with hygro-thermometer
- Cushions (3)
- Electric outlet 120V
- Fire extinguisher
- Glossy lacquered ceiling
- Hi-Fi system
- Leather sofa
- LED lighting
- LED TV 49"
- Porthole housing with venetian blinds
- Stairs to master cabin
- Steps from the main deck

- Air conditioning and heating system (bathrooms included)
- Automatic extinguisher in engine room with external control
- Bilge discharge system with immersed electric pumps with automatic controls
- Black water discharge system with centralized holding tank, electric pump for direct outboard discharge, direct discharge by shore suction and multi-function emergency pump

- Black water tank 330lt
- Centralized bilge discharge system connected to the electric multifunction pump with deviator for each area
- Device for remote closure of the engine fuel supply valves and generator controlled by the firefighting system
- Electro-hydraulic servo-assisted steering system
- Emergency bilge discharge system using main engines suction system in case of emergency (2)
- Engine room air extraction system
- Fiberglass 5600lt fuel tank
- Freshwater tank 840lt
- Grey water discharge system with automatic electric pump (interchangeable with blackwater pump)
- Grey water tank 208lt
- Hot water system with 80-litre boiler
- Pressurized water system with 24V autoclave (1)
- Seawater pump and hose inlet on deck
- Smoke detector system
- Toilet system with freshwater flush
- Trim tabs system (interceptors)

ELECTRIC SYSTEM

- Battery charger for engines
- Battery charger for services
- Battery group for engines
- Battery group for services
- Battery parallel facility for engine start-up
- Battery switches
- Bonding system with porous copper plate
- Cathodic corrosion protection with zinc anodes
- Electric outlet 120V in various areas
- Generator 21.5kW 120/240V 60Hz with soundproofing box (2)
- Generator battery
- Hatch control sensor
- Integrated control panel system to manage and monitor the electric system via touch screen display
- Inverter for refrigerators power supply
- Inverter for services
- Isolation transformer (25kVA)
- Lighting 24 V
- Manual battery switch for generator
- Shore power connection 100A 60 Hz with cable
- Tanks level monitoring
